

Invacare Leo mobility scooters.

Four wheel electric scooter designed for all those that value their independence and wish to get out and about unaided.

The Invacare Leo is a very modern and extremely stylish looking mobility scooter. You will really stand out from the crowd, the scooter comes with all the features that you would expect from a quality Invacare product.

Safety is a key feature of the Leo, but this does not detract from its stylish and sporty looks.

The Leo offers people the freedom and confidence to enjoy their essential daily outings and leisure excursions.

With high standards of designs and engineering safety, the Leo undoubtedly sets a new standard.
